THE ELITE GROUP OF MUTUAL FUNDS

NOTES TO FINANCIAL STATEMENTS

March 31, 2008 (Unaudited)

NOTE 1 – ORGANIZATION

The Elite Growth & Income Fund and The Elite Income Fund (the “Funds”) are two series of shares of beneficial interests of The Elite Group of Mutual Funds (the “Trust”), which is registered under the Investment Company Act of 1940, as amended, as a diversified open-end management company. The Trust was organized in Massachusetts as a business trust on August 8, 1986. The Trust is authorized to issue an unlimited number of no par shares of beneficial interest of any number of series. Currently, the Trust has authorized only the two series above. The Elite Growth & Income Fund's investment objective is to maximize total returns through an aggressive approach to the equity and debt securities markets. The Elite Income Fund's investment objective is to achieve the highest income return obtainable over the long term commensurate with investments in a diversified portfolio consisting primarily of investment grade debt securities.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Funds. The policies are in conformity with accounting principles generally accepted in the United States of America.

- A. Security Valuation - Investments in securities traded on a national securities exchange are valued at the last reported sales price. Securities which are traded over-the-counter are valued at the bid price. Securities for which reliable quotations are not readily available are valued at their respective fair value as determined in good faith by, or under procedures established by the Board of Trustees.
- B. Federal Income Taxes - The Funds intend to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and distribute all their taxable income to their shareholders. Therefore no federal income tax provision is required.

The Financial Accounting Standards Board (“FASB”) has issued FASB Interpretation 48 (“FIN 48”), “Accounting for Uncertainty in Income Taxes. FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken in the course of preparing the Fund's tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the taxing authority. Tax benefits of positions not deemed to meet the more-likely-than-not threshold would be booked as a tax expense in the current year and recognized as: a liability for unrecognized tax benefits; a reduction of an income tax refund receivable; a reduction of deferred tax assets; an increase in deferred tax liability; or a combination thereof. As of March 31, 2008 the Fund has implemented FIN 48 and has determined that there is no impact on its financial statements.

- C. Option Accounting Principles (The Elite Growth & Income Fund) - When the Fund sells an option, an amount equal to the premium received by the Fund is included as an asset and an equivalent liability. The amount of the liability is marked-to-market to reflect the current market value of the options written. The current market value of a traded option is the last sale price. When an option expires on its stipulated expiration date or the Fund enters into a closing purchase transaction, the Fund realizes a gain (or loss if the cost of a closing purchase transaction exceeds the premium received when the option was sold) without regard to any unrealized gain or loss on the underlying security, and the liability related to such option is extinguished. If an option is exercised, the Fund realizes a gain or loss from the sale of the underlying security and the proceeds of the sale are increased by the premium received. The Elite Growth & Income Fund as a writer of an option may have no control over whether the underlying security may be sold (call) or purchased (put) and as a result bears the market risk of an unfavorable change in the price of the security underlying the written option.
- D. Cash Equivalent - Consists of investment in PNC Money Market Accounts which represent 2.4% and 1.1% of net assets for The Elite Growth & Income Fund and The Elite Income Fund, respectively.
- E. Other - As is common in the industry, security transactions are accounted for on the trade date. Dividend income and distributions to shareholders are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments for post - October losses, wash losses and amortization of bond premium and discounts. Interest income and estimated expenses are accrued daily.
- F. Reclassification of Capital Accounts. Accounting principles generally accepted in the United States of America require that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share.

THE ELITE GROUP OF MUTUAL FUNDS

NOTES TO FINANCIAL STATEMENTS – (Continued)

March 31, 2008 (Unaudited)

- G.** Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.
- H.** Securities Lending – The Funds may lend portfolio securities to banks and member firms of the New York Stock Exchange that meet capital and other credit requirements or other criteria established by the Board. These loans may not exceed 33 1/3% of the total asset value of the Funds (including the loan collateral). The Funds will not lend portfolio securities to its investment advisor, sub-advisor or their affiliates unless it has applied for and received specific authority to do so from the SEC. Loans of portfolio securities will be fully collateralized by cash, Government securities or letters of credit. Loans of portfolio securities must be secured by collateral equal to the market value over the value of the securities loaned. If the market value of the loaned securities increases over the value of the collateral, the borrower must promptly put up additional collateral; if the market value declines the borrower is entitled to a return of the excess collateral. Income from lending activity is determined by the amount of interest earned on collateral, less any amounts payable to the borrowers of the securities and the lending agent. Lending securities involves certain risks, including the risk that the Fund may be delayed or prevented from recovering the collateral if the borrower fails to return the securities. Cash collateral received in connection with securities lending is invested in an Institutional Money Market Trust sponsored by PFFC Trust, the Funds securities lending agent.

For the six months ended March 31, 2008, purchases and sales of securities, other than options and short-term notes were as follows:

	<u>Purchases</u>	<u>Sales</u>
The Elite Growth & Income Fund	\$80,779,573	\$79,556,335
The Elite Income Fund	\$10,880,734	\$11,371,654

For The Elite Growth & Income Fund, transactions in covered call options written for the six months ended March 31, 2008, were as follows:

	<u>Number of Contracts*</u>	<u>Premiums</u>
Options outstanding on September 30, 2007	2000	\$ 849,304
Options written	5,110	2,293,978
Options terminated in closing purchase transactions	(4,940)	(2,204,938)
Options exercised	-	-
Options expired	<u>(200)</u>	<u>(171,463)</u>
Options outstanding on March 31, 2008	<u>1,970</u>	<u>\$ 766,881</u>

* Each contract represents 100 shares of common stock

As of March 31, 2008, portfolio securities valued at \$8,832,170 were subject to covered call options written by The Elite Growth & Income Fund.

NOTE 4 – INVESTMENT MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The Funds retain McCormick Capital Management Inc. as their Investment Manager. Under an Investment Management Agreement, the Investment Manager furnishes each Fund with investment advice, office space and salaries of non-executive personnel needed by the Funds to provide general office services. As compensation for its services, the Manager is paid a monthly fee based upon the average daily net assets of each Fund. For The Elite Growth & Income Fund and The Elite Income Fund the rates are 1% and 7/10 of 1%, respectively, up to \$250 million; 3/4 of 1% and 5/8 of 1% over \$250 million up to \$500 million; and 1/2 of 1% and 1/2 of 1% respectively, over \$500 million for each Fund.

The Manager may voluntarily reimburse a portion of the operating expenses of a Fund for any fiscal year (including management fees, but excluding taxes, interest and brokerage commissions). Voluntary reimbursements may cease at any time without prior notice and are not subject to recoupment. For the six months ended March 31, 2008, the advisor reimbursed expenses of The Elite Income Fund in the amount of \$9,255.

The Trust paid the Chief Compliance Officer \$11,774 for the six months ended March 31, 2008.

Certain Officers of the Trust are Officers of the Investment Manager.

THE ELITE GROUP OF MUTUAL FUNDS

NOTES TO FINANCIAL STATEMENTS – (Continued)

March 31, 2008 (Unaudited)

NOTE 5 – CONCENTRATION

Although the funds have a diversified investment portfolio, there are certain credit risks due to the manner in which the portfolio is invested, which may subject the funds more significantly to economic changes occurring in certain industries or sectors. The Elite Growth & Income Fund has investments in excess of 10% in capital goods, consumer goods, financial intermediaries and health care goods & services. The Elite Income Fund has investments in excess of 10% in securitized/asset backed bonds, and corporate bonds utilities-electric and U.S. Government/Agencies Notes & Bonds.

NOTE 6 – DISTRIBUTION TO SHAREHOLDERS AND TAX COMPONENTS OF CAPITAL

The tax character of distributions paid during the six months ending March 31, 2008 and the year ended September 30, 2007 were as follows:

	<u>Six Months</u> <u>March 31, 2008</u>	<u>Year Ended</u> <u>September 30,</u> <u>2007</u>
The Elite Growth & Income Fund		
Distributions from ordinary income	\$ 213,262	\$6,328,977
Distributions from long-term capital gains	\$ -	\$7,023,224
Distributions from return of capital	\$ -	\$ 315,711
The Elite Income Fund		
Distribution from ordinary income	\$ 461,176	\$ 836,076
Distribution from long-term capital gains	\$ -	\$ -

As of September 30, 2007, the components of distributable earnings on a tax basis were as follows:

The Elite Growth & Income Fund	
Unrealized appreciation of securities and options	<u>\$10,083,047</u>
The Elite Income Fund	
Undistributed ordinary income	\$ 62,662
Post October loss	(130,057)
Other accumulated losses	(430,118)
Unrealized depreciation of securities	(68,208)
	<u>\$(565,721)</u>

The Elite Income Fund had a capital loss carry forward of \$430,118 as of September 30, 2007, of which \$576 expires in 2013 and \$331,729 expires in 2014 and \$97,813 expires in 2015.

At September 30, 2007 the Elite Income Fund had deferred capital losses occurring subsequent to October 31, 2006 of \$130,057. For tax purposes, such losses will be reflected in the year ending September 30, 2008.

NOTE 7 – NEW ACCOUNTING PRONOUNCEMENTS

In September 2006, the Financial Accounting Standards Board (FASB) issued *Statement on Financial Accounting Standards (SFAS) No. 157, "Fair Value Measurements"*. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements. SFAS no. 157 applies to fair value measurements already required or permitted by existing standards. SFAS no. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. The changes to current generally accepted accounting principles from the application of this Statement relate to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. The Funds do not believe the adoption of SFAS No. 157 will impact the amounts reported in the financial statements, however, additional disclosures may be required about the inputs used to develop the measurements and the effect of certain of the measurements reported on the statement of changes in net assets for a fiscal period.

NOTE 8 – CONTINGENCIES AND COMMITMENTS

The Funds indemnify the Trust's officers and trustees for certain liabilities that might arise from their performance of their duties to the Funds. Additionally, in the normal course of business the Funds enter into contracts that contain a variety of representations and warranties and which provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, based on experience, the Funds expect the risk of loss to be remote.

PROXY POLICIES / AVAILABILITY OF QUARTERLY PORTFOLIO HOLDINGS (Unaudited)

The Elite Group proxy voting policies and the voting record for those proxies are detailed on our web site www.elitefunds.com and are also available on the Securities & Exchange Commission web site www.sec.gov.

Portfolio Holdings: In addition to our Annual and Semi-Annual report which are dated September 30th and March 31st respectively, we will report to shareholders our security holdings as of June 30th and December 31st. The June and December reports will also be available on the SEC web site (N-Q) www.sec.gov. Our security holdings are available on our web site and updated monthly www.elitefunds.com.

BOARD OF TRUSTEES AND EXECUTIVE OFFICERS (Unaudited)

Over all responsibility for management of the Funds rests with the Board of Trustees. The Trustees serve during the lifetime of the Trust and until its termination, or until death, resignation, retirement or removal. The Trustees, in turn, elect the officers of the Fund to actively supervise its day-to-day operations. The officers have been elected for an annual term.

There were two quarterly Trustee meetings in the first six months of the fiscal year. All the Trustees had 100% attendance. Because Mr. McCormick and Mr. Meisenbach are the sole owners of the investment advisor, McCormick Capital Management, they do not receive compensation for their duties as Trustee, Chairman of the Board and President (Mr. McCormick) and Trustee, Treasurer and Secretary (Mr. Meisenbach). The three independent Trustees each received compensation of \$2,000 per meeting or \$8,000 for the year assuming no special meetings. No other compensations were paid to any Trustee. The following are the Trustees and Executives of the Funds.

Trustee	Address	Age	Position Held with the Trust	Length of Time Served (Years)
Richard S. McCormick	1325 4 th Avenue Suite 1744 Seattle, WA 98101	61	Chairman, Board of Trustees and President	20
John W. Meisenbach	2100 Washington Bldg. Seattle, WA 98101	71	Trustee, Treasurer and Secretary	17
Lee A. Miller	P.O. Box 1882 Vashon Island, WA 98070	77	Trustee	12
John M. Parker	2400 Financial Center Bldg. Seattle, WA 98161	61	Trustee	20
Jack R. Policar	1065 Financial Center Bldg. Seattle, WA 98161	61	Trustee	20

Each Trustee oversees two portfolios of the Trust, including the Funds. The principal occupations of the Trustees and Executive Officers of the Fund during the past five years and public directorships held by the Trustees are set forth below. ***

* Richard S. McCormick	President and Chief Executive Officer of the Investment Manager
* John W. Meisenbach	Partner in MCM Financial (Insurance) Director of Costco Wholesale and Expeditors International
Lee A. Miller	Private Investor Vice President of Merrill Lynch & Co. (Retired)
John M. Parker	President of Kennedy Associates, Inc. (Real Estate Advisor)
Jack R. Policar	President and Chief Executive of J. R. Policar, Inc. Certified Public Accounting Firm

* *Trustees deemed to be an "interested person" of the Trust, as defined in the Investment Company Act of 1940.*

** *Additional information about the Trustees is available in the Statement of Additional Information which is available upon request, or ready for viewing on our web site: www.elitefunds.com*

MUTUAL FUND EXPENSE EXAMPLE (UNAUDITED)

There are several kinds of expenses involved in buying, selling and operating a mutual fund. These expenses represent costs to shareholders which will reduce the rate of return. The Elite Funds are “no load” mutual funds which mean there are no commissions, fees or expenses associated with paying sales representatives. Mutual funds that have sales fees are typically associated with stock brokerage firms, insurance companies, and some types of financial planners.

Although the Elite Group has no sales charges, like all the other funds it does have operating expenses. In addition to the fees paid to the manager of the fund there are expenses for attorneys, accountants, printing/mailings, transfer agent, custodians, and government registration fees. The table below is intended to help you understand your ongoing costs (in dollars) of investing in the fund and compare these costs with the ongoing costs of investing in other mutual funds. The example is based on an investment of \$1,000 at the beginning of the period and held for the entire period (October 1, 2007 through March 31, 2008).

The first line (“Actual Expense”) of the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled “Expenses Paid During Period” to estimate the expenses you paid on your account during this period.

The second line (“Hypothetical”) of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

In the Elite Funds there are no transactional costs so please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges (loads), redemption fees, or exchange fees associated with other mutual funds. Therefore, the second line of the table is useful in comparing ongoing costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

The Elite Growth & Income Fund

	Beginning Account Value 10-01-07	Ending Account Value 03-31-08	Expenses Paid During Period* 10-01-07 to 03-31-08
Actual	\$1,000.00	\$ 877.80	\$6.81
Hypothetical (5% return before expenses)	\$1,000.00	\$1,017.75	\$7.31

The Elite Income Fund

	Beginning Account Value 10-01-07	Ending Account Value 03-31-08	Expenses Paid During Period* 10-01-07 to 03-31-08
Actual	\$1,000.00	\$1,023.90	\$5.87
Hypothetical (5% return before expenses)	\$1,000.00	\$1,019.20	\$5.86

Expenses are equal to the Fund’s annualized expense ratio of 1.45% for The Growth & Income Fund and 1.16% for The Elite Income Fund, multiplied by the average account value over the period, multiplied by [number of days in most recent fiscal half-year/365 [or 366]] (to reflect the one-half year period).

Returns and expenses are adjusted to reflect reimbursement from the manager and a directed brokerage arrangement which reduce the expense to the funds. These reimbursements may, at the discretion of the manager, stop at any time.

INVESTMENT ADVISOR AGREEMENT (Unaudited)

Compensation of the investment manager, based upon each Fund's daily average net assets, is at the following annual rates:

- For the Income Fund, 0.70% on the first \$250 million, 0.625% on the next \$250 million and 0.50% on all above \$500 million.
- For the Growth & Income Fund, 1% on the first \$250 million, 0.75% on the next \$250 million and 0.50% on all above \$500 million.

Unless sooner terminated, the Management Agreement shall continue in effect for successive one-year periods if continuance is approved at least annually (i) by the Trustees or by vote of a majority of the outstanding voting securities of the Fund and (ii) by vote of a majority of the Independent Trustees, cast in person at a meeting called for this purpose.

The Management Agreement is terminable by a Fund at any time on 60 days' prior written notice without penalty by the Trustees, by vote of a majority of outstanding shares of the Fund, or by the investment manager. The Management Agreement also terminates automatically in the event of its assignment, as defined in the Investment Company Act of 1940 and the rules thereunder.

The Management Agreement provides that the investment manager shall not be liable for any error of judgment or for any loss suffered by the Funds in connection with the performance of its duties, except a loss resulting from willful misfeasance, bad faith or gross negligence on the part of the investment manager in the performance of its duties, or from reckless disregard of its duties and obligations thereunder.

The Trustees, including a majority of the Independent Trustees, approved the continuation of the Management Agreement at the meeting of the Board of Trustees held December 20, 2006. The Trustees were provided with information to assist them including, a description of services offered to shareholders, Investment Manager's administrative duties, comparative performance and expense data for the Funds, Fund share sales and redemption reports and, financial reports for the Investment Manager. In approving the Management Agreement, the Independent Trustees considered all the information they deemed reasonably necessary to evaluate the terms of the Management Agreement. The principal areas of review by the Independent Trustees were the nature and quality of the services provided by the investment manager and the reasonableness of the fees charged for those services.

The Independent Trustees, considered the scope and quality of professional research services utilized by the Investment manager as well as the managers capabilities regarding product research and other resources focused on providing services for the Funds. The quality of administrative and other services, including the investment manager's role in coordinating the activities of the Funds' as well as the depth of the services provided to shareholders by other service providers, were considered. The Independent Trustees also considered the business reputation of the investment manager and its financial resources.

In reviewing the fees payable under the Management Agreement, the Independent Trustees considered the level of total expenses payable by each Fund, and noted that the level of such expenses is well within industry standards and the Funds' peer groups. The Trustees, including the Independent Trustees, also determined that the advisory fees to be paid to the investment manager pursuant to the Management Agreement are fair and reasonable to each Fund and its shareholders.

No single factor was considered in isolation or to be determinative to the decision of the Independent Trustees to approve the Management Agreement. Rather the Independent Trustees concluded, in light of a weighing and balancing of all factors considered that the Management Agreement was in the best interest of each Fund.
